

SRIHARINI PULLELA

Hyderabad • 1-2-203/5 • harinipullel32@gmail.com

PROFILE

Motivated and enthusiastic B.Tech 2nd-year Computer Science Engineering student at Geethanjali College of Engineering and Technology, with a strong interest in web development and software technologies. Skilled in learning and applying HTML, CSS, Java, and frontend development concepts. Passionate about improving programming skills, building creative projects.

PROJECTS

NETFLIX CLONE

Jan 2023 - Present

- A modern movie streaming UI inspired by Netflix with responsive design
- Developed a responsive Netflix-inspired web application using HTML, CSS, and JavaScript.
- Implemented movie sections, navigation bar, banners, and interactive UI elements similar to a streaming platform.

WEATHER APP

Mar 2021 - Dec 2022

- Some quick example text to build on the card title and make up the bulk of the card's content.
- Created a weather application that provides real-time weather information using API integration.

QUIZ APP

Feb 2020 - Jan 2021

- An interactive application that tests users' knowledge and displays their scores instantly.
- Implemented multiple-choice questions, score calculation, and dynamic user feedback features.
